

# ALTO SCRUBTEC R 5 range – WHY COMPROMISE

*Battery powered automatic ride-on scrubber*

**ALTO**<sup>®</sup>  
Why  
Compromise<sup>™</sup>

**Clarke**  
TECHNOLOGY

#### High productivity

- Cleaning speed variable in three speeds (0 - 3.4, 0 - 5.0 and 0 - 6.6) km/h
- Automatic On-Board Charger
- Close edge cleaning
- Superior traction thanks to dural rear wheel drive
- 1830 mm aisle turning radius
- Complete water pick-up on turns with Accu-Track™ side squeegee.
- Traverse speed proportional to steering
- Rear wheel transaxle drive
- Solution level indicator
- Adjustable high brush pressure
- Large battery compartment ensures long running time

#### Long life – low maintenance costs

- Brush head moves sideways upon impact
- Battery low voltage brush shut-off
- Recovery tank clean-out port (Standard)
- Automatic constant brush pressure
- Automatic brush and solution on and off

#### Driver comfort

- Best operator line of sight to optimize the cleaning path
- Ergonomic i-Drive joystick control
- Easy to change brush deck
- LCD control & status function display
- One button scrub control with memory

#### Focus on safety

- Excellent line of sight
- Fast response braking
- Automatic parking brake
- Dead man seat switch
- Non-skid deck plate
- Easy entry from right or left side
- Traverse controlled steering eliminates tipping in turns
- Back-up alarm & horn
- Seat belt (option)
- Extremely stable thanks to the low center of gravity

*The new SCRUBTEC Rider is available in three versions; two sizes of disc scrub-deck, or one cylindrical brush. All are 36 Volt battery driven.*

## Being fun to operate generates high productivity

The new ALTO SCRUBTEC R 571, R 586 and R 571 Cylindrical Ride-on scrubber dryers are not only fun to operate, they are also the ideal solutions for high speed scrubbing.

Typical applications can be found in retail stores, distribution centres & warehouses, hospitals, office buildings and at schools & universities.

With their high speed scrubbing, and close edge cleaning, secondary operations are eliminated.

The machines provide you the best traction in double scrubbing and ramp cleaning. And they provide safety, not only for the operator, but also for the people walking where the machines have cleaned because they leave the floor dry to reduce slip and fall hazards.

Other significant advantages are that the SCRUBTEC R 5 range are the only Compact riders with, i-Drive Integrated Steering Control. Traverse, steering and scrubbing functions are all located in one ergonomic Joystick control.

Furthermore there are no inconvenient pedals or steering wheel.

The ALTO SCRUBTEC R 5 range keeps the focus on the operator with comfort, safety and fun... and for the buyer with productivity, employee satisfaction and labour savings.

## Flexible in use

- Retail Stores
- Municipality
- Distribution Centres
- Office Buildings
- Warehouses
- Schools & Universities
- Hospitals
- Cleaning Contractors
- Industry

*i-Drive™ allows the operator to control speed, power steering, and all scrubbing “memory” functions with fingertip control while in comfort. The i-Drive controls horn and status function display. This integration of functions and controls greatly improves operator comfort, safety and efficient. Moreover, the SCRUBTEC R with i-Drive™ is FUN to ride!*

## Value for money

• Ergonomic and comfortable seat

• Powerful 3-stage tangential vacuum motor

• Large Polydur solution and recovery tanks

• Recovery tank clean-out port

• Complete water pick-up on turns with Accu-Track™ side squeegee

• Large non-marking wheels for easy transport

• Control settings panel on left armrest with Brush Pressure adjustment, Squeegee and Vacuum control, key security switch and solution adjustment

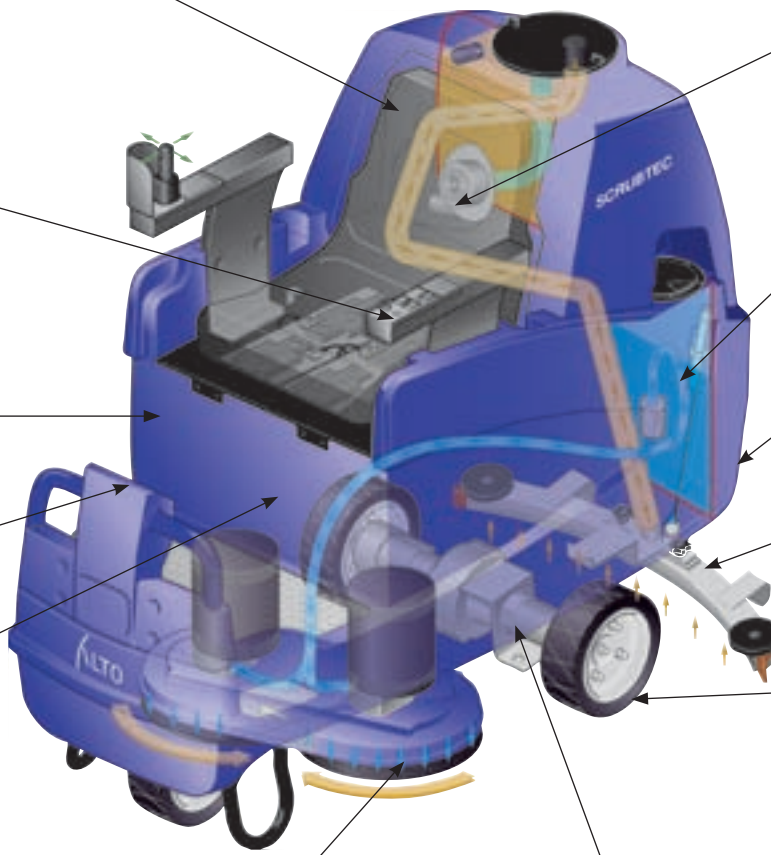

• Easy entry from right or left side

• Multi function status display

• On board charger – permits charging anywhere

• Automatic constant brush pressure

• Heavy duty transaxle drive

# Choose the perfect scrubber for your needs

The ALTO SCRUBTEC R 5 series offers a choice of three models:

Two rotary models and one cylindrical model, available with either 710 mm or 860 mm cleaning path. We also provide a wide range of options so you can custom-build your scrubber to match your specific cleaning needs.

		SCRUBTEC R 586	SCRUBTEC R 571	SCRUBTEC R 571 C
