

Nilfisk-ALTO POSEIDON 1 — WHY COMPROMISE

A compact partner for everyday cleaning

Nilfisk ALTO

Why Compromise

For over 100 years, Nilfisk has been a specialist in the cleaning industry combining focus on performance with a drive for ergonomics and cleaning cost reduction. Our presence in the high pressure cleaning business dates back 50 years and reunites experience from some of the markets leading brands such as KEW and WAP.

For more than 50 years, we have focused on innovations that allow our customers to reduce physical strain during work and to reduce overall cost of cleaning. We have a history of being first to market with major product innovations :

- One of the first consumer pressure washers
- First vertically design cold water professional pressure washer
- First dual detergent system with automatic pure rinse mode
- Most ergonomic quick coupling accessory system
- First EcoPower boiler system offering high water temperature at greatly reduced fuel costs.

Time and time again, we have shown that we are one step ahead of the rest – and we will remain so.

POSEIDON 1

- the ideal machine for everyday cleaning tasks

The new POSEIDON 1 is destined for use by those professionals with very low cleaning frequency such as single employee tradesmen, or the smallest farms for occasional cleaning of equipment and vehicles, the POSEIDON 1 stands for:

- Great compact design
- Cleaning performance
- Unbeatable ergonomics
- Versatility of true professional spray equipment

The POSEIDON 1-20 XT comes equipped with versatile and easy to use professional equipment:

- 15m DN6 hose
- Flexopower lance with high and low pressure functions
- Tornado Plus nozzle
- Turbohammer lance
- Ergo 1000 spray gun incl hose swivel

Overall, the POSEIDON 1 is an ideal machine for everyday cleaning tasks, yet offers many of the same benefits and features as many of the more industrial level products.

For use in:

- Small farms
- Vehicle & Transport
- Tradesmen

• Aluminium, adjustable telescopic handle
Together with the compact design, the machine takes up less storage space since the size can be reduced during storage

• Hose reel & lance holders
Easy transport, storage and protection

• Auto Start Stop
Upon deactivation of the spray gun trigger, the motor stops. This saves energy and eliminates noise during work pauses. Saves money and increases user comfort.

• Cable hooks
For easy storage of cable when not in use. One of the hooks is twistable for easy unlock of cable.

• Gardena coupling system

• Ergo 1000 Gun
Professional spray gun with low holding and activation forces and quick connect system. Reduces preparation time and ensures a lower level of physical strain during work.

• Compact design
Ideal for transport in the smallest commercial and private vehicles, easy storage.

• Turbohammer lance

• Flexopower Lance
2 lances equipped with bayonet couplings Adaptation to several tasks possible (high pressure, detergent application, flushing, rotary jetting for large surfaces). Change over of lances is quicker and more simple than with other coupling types, reducing time wasting.

• Tornado Plus nozzle
The concentrated high pressure jet produces less water dispersion than normal spray nozzles. Cleaning effect is increased by 75%, reduced cleaning time

The cool facts for the POSEIDON 1-20XT

Technical data: POSEIDON 1-20XT

Pump:		
Pressure	bar/MPa	135/13.5
Cleaning impact	kg/Force	2.0
Water flow, Qmax/QIEC	l/h	500/420
Max. inlet temp.	°C	50

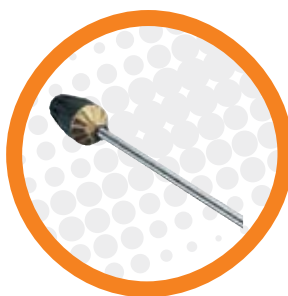

Motor:		
Power consumption	kW	2.1
	V/~/Hz/A	230/1/50/9
Pump	RPM	2800

Standard Features:		
Weight	kg	17
Dimensions L x W x H	mm	319 x 366 x 900
El cable	m	5
HP hose	m/Ø	15/DN6

Accessories:		
Ergo 1000 Gun		●
Flexopower lance		●
Turbohammer lance		●
Tornado Plus nozzle		0275
Gardena inlet coupling		●
HP hose reel		●
Item no.		126134410

The Ergo System optimises ergonomics, user-friendliness and adaptability of the pressure washer for users and thereby increase operating efficiency

Turbohammer lance with rotary jet nozzle that increase the cleaning effect. Perfect for cleaning of larger surfaces!

Nilfisk-ALTO is a division of Nilfisk-Advance A/S which is one of the leading professional cleaning equipment companies with a turnover on Euro 780 million and 5000 employees.

We are located in all main European countries, US and Asia with our head-quarters in Denmark and production facilities in Germany, Denmark, Hungary, Singapore, China, Italy and the US.

We supply quality high pressure washers, vacuum cleaners and floor care equipment to agriculture, automotive and industrial companies, cleaning contractors and private consumers.

Nilfisk-ALTO is a product driven company with focus on innovation and growth. We believe in developing and maintaining long lasting relationships with our customers, suppliers and employees.
